

Look at Y3's learning adventure this half term....

Broad Square Primary
School

In Mathematics...

We will become experts with the place value of numbers up to 1,000.

We will also be mastering our skills in addition and subtraction and solving some word problems.

In Science...

Become scientists when learning forces- how things move and explore forces in magnets when testing materials.

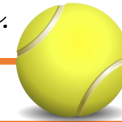

In Geography...

We will be exploring the mighty River Indus. Its journey and the water cycle.

In P.E...

We are developing our footwork and balance through games and our travel and sequence skills in gymnastics.

In English...

Build excitement when studying the classic Ted Hughes novel, The Iron Man—become story tellers and explain how to capture the Iron Man. We will develop our reading and writing skills everyday.

Year 3 Autumn 1

In History...

Investigate how much Ancient Egypt has changed over time and learn about how archaeologists discovered things about the past.

Extra- Curricular

Clubs

Book Club

Film Club

Rubik Cube Club

5-a-side football

In French...

Learn how to greet my class friends, follow simple instructions and say 'please'.

Art/Design Technology

We will be studying the artist Monet to create abstract paintings with texture.

Jigsaw/PSHE

Set personal targets to be responsible and develop positive attitudes and think of others.

Safety Messages

PANTS rule

Online safety

In Music...

Creating compositions in response to an animation with the theme of mountains.

In R.E...

Study the Hindu story of Rama and Sita and how it guides Hindu beliefs.

Special events

We are learning a poem off by heart to perform in front of an audience in the hall.

In Computing...

Understand computing systems and networks. Learn about inputs, processes and outputs in digital devices.

How can you help at home?

Along with supporting reading and homework, share some quality time together daily, like going for a walk or enjoy a hobby or interest. A bedtime story is a lovely way to end the day!
