

BROAD SQUARE NEWSLETTER

5th September 2025

Dear parents and carers,

I am just writing a brief newsletter for our first week back of the year. I would like to wish you all a very 'HAPPY NEW YEAR'. Your children have returned to school beautifully this week. We know the nerves and worries that some of our children will have felt as they started new year groups and met their new teachers, but they have all been wonderful.

Children look so smart in new uniforms and PE kits, I hope this continues throughout the school year. Can I remind parents that **hoodies are not part of our school uniform**. If they have been purchased they can be worn for PE only for this school year. They are not on our uniform list and outlets have not been instructed by school to sell them.

This week classroom staff have been working on getting to know their new children and establishing strong routines for a successful year. In our first celebration assembly of the school year it was lovely to see all of the children have made such a positive start. As always if you have any questions or concerns your first port of call is class teachers who will be on the yard every day to dismiss the children.

We finished last year on a high, with wonderful academic achievements as well as so many other points to celebrate and I just know that this year we will continue to grow and develop as a school.

I would like to say a special welcome to our new nursery and reception families, we are so happy to have you join our Broad Square family and we look forward to building strong and happy relationships over the years.

A special shout out and good luck to our Miss Earle who is completing The Great North Run on Sunday - watch out for her on the TV. We know she will show our school value of perseverance and hopefully won't be too sore next week!.

Have a wonderful weekend,

Thank you,
Mrs Foden, Headteacher
