

Look at Y2's learning adventure this half term....

In Mathematics...

Revisit pounds and pence and compare. Use grouping and arrays to begin to understand multiplication and use the \times sign. We will develop our use of measuring length, height, weight and capacity. Daily retrieval practise will help us to recall our learning.

In Science...

We will continue to explore animals and their habitats.

In music...

Invent a musical story which allows us to listen, sing, play, compose and perform.

In P.E...

Through a theme of trains and tight ropes we will balance our bodies showing strength..

In phonics...

Learning to read excites us and we are getting better everyday. We use our Monster Phonics work to help us learn our sounds and will enjoy a range of books in class and at home this term.

Year 2 Spring Term 2 Curriculum

In Geography...

We will explore map reading using 4 compass points and simple co-ordinates before creating our own map.

Extra-Curricular Enrichment club
Technology club
Performing Arts

In English...

We will be enjoying writing our own story. We love reading and practising our grammar and punctuation everyday and are developing our amazing handwriting.

In DT...

We will be creating moving vehicles with wheels and axels.

In Jigsaw/PSHE..

We will explore the foundations of healthy living—a balanced diet, exercise and sleep.

In Computing...

We will become computer programmers giving instructions and routes by designing algorithms.

In R.E...

Learn how and why Christians, Muslims and Jewish people celebrate special and sacred times.

Online safety—how to talk to a trusted adult

Visits/visitors

Chartwells cookery session.

How can you help at home?

Along with supporting homework, share some quality time talking daily about something you enjoy. Why not look for numbers in the environment on a walk. Celebrate World Book day by visiting a library or enjoy some books together. Take a picture of you
