

# Look at Y4's learning adventure this half term....

## Year 4 Summer Term 1 Curriculum

### In Mathematics...

We will continue our learning with decimals and begin learning about money & time. We will continue our daily retrieval practise and work on TT Rockstars to help us to consolidate and recall our learning.

### In Science...

Describe simple features of the digestive system beginning with teeth and moving to what happens to food once we eat it. We will also study simple food chains.

### In P.E...

Along with PE we will develop controlled movement when doing floor work.

### Clubs

Choir  
Cross-country  
running

### In music...

We will be studying samba and carnival sounds! We will focus on percussion instruments and learn about syncopated rhythms.

### In History...

Understand why Liverpool's waterfront is a World Heritage Site.

### In English...

We will be enjoying a refugee themed book called 'The Journey' and writing our own refugee story and a diary. We are continuing to promote reading for pleasure by reading everyday. We will continue practising our grammar and punctuation everyday and are developing our handwriting and presentation.

### In Art

In art we will be studying the artist Barbara Jones-Hogu and producing some prints using block prints.

### In Computing...

We will be looking at vector graphics and conditionals in computer science.

### Visits/visitors:

Swimming (Wednesday)

### In Jigsaw/PSHE..

We will learn about the importance of healthy relationships between friends and families and importance of showing appreciation.

### In R.E...

Learn about the message of Jesus' parables.

### In French

We will learn how to say school subjects and vocabulary around sports and hobbies.

### How can you help at home?

It is expected that at the end of Year 4 most pupils will know all of their x tables facts—it would really benefit the children to do some daily practise on TT Rockstars.
