

Look at Y5's learning adventure this half term....

In Mathematics...

We will work complete our work on data, Then investigate shapes, learn about different angles and how to measure using a protractor along with knowing parallel and perpendicular lines. We will learn about coordinates, translating shapes and reflection. Then we will revisit decimals and continue with daily practise of basic skills to ensure we can recall facts.

In Science...

Investigate living things in the habitats by looking at differences in lifecycles of mammals, amphibians, birds and insects. Learn how plants reproduce.

Homework

In Year 5 children are encouraged to read and complete TTRS. In addition they will have a letter-join log in

In P.E...

We will be focussing on the physical element of RealPE, alongside developing our hand ball skills.

Clubs

- Cross- country
- Football
- Choir
- Library
- Fitness
- Craft

In music...

Together we will be studying looping and remixing

Year 5

Summer 1 Curriculum

In History...

We will be Studying Crime and Punishment in Britain through the ages.

In French We will learn countries and cities and travelling around the world.

In English...

We will be enjoying *The Lost Book of Adventure* by Teddy Keen this term to produce a survival narrative and a guide. Reading is important along with daily grammar, punctuation and spelling. We are taught comprehension skills and how to improve our handwriting and presentation.

In Art

We will be developing our skills in collage and looking at various materials we can use. Artist study: Henri Rousseau + Roth Daniels.

In Computing...

Use data bases to search for information and how to link to real life.

In Jigsaw/PSHE..

Through the theme of relationships we will build self esteem and self-worth and look being responsible online.

How can you help at home?

It is vital children read at least 3 times a week, and practise their spellings and times table facts. These need to be secure as soon as possible. Please monitor your child's time on devices and check online activity.

In R.E...

We will continue looking at Buddhist stories and teachings.

Safety messages

Keeping safe online

Visits/visitors

We will have some very special fluttery guests in our bay area whom we will study closely.
